

SRES Dismissal Procedures

2020-21 rev 8/21/20

Dismissal Begins at 4:08 pm

All students and teachers will remain in their classrooms until called for dismissal over the PA/TV system. DO not release any students at the bell. **Teachers must have their TV's tuned to Channel 6 throughout dismissal to see student names as they are dismissed.**

Car Riders: Students will be dismissed as their car arrives on campus. Student names will be highlighted in GREEN on the TV when their car arrives. Students will walk to the car loop using the designated sidewalk (media side). Face coverings must be worn. IA's will walk K students as they are called.

Car tags must be hung on the rearview mirror and be visible to staff during loading. Once the student is loaded please remove the car tag from the rearview mirror and await direction to exit the loop.

Bus Riders: Bus riders will wait in the classroom until their bus color is called on the PA system. Students will walk to the bus loop using the designated bus sidewalk (cafeteria side) and immediately load their bus.

Face coverings must be worn at all times.

All bus riders must have a bus tag on their backpack. Tags will be attached on the first day of school. Please do not remove these tags.

Attendance will be taken when loading buses for the first 10 days of school. This process takes additional time and may cause buses to leave the school later than 4:18 pm. We anticipate that buses will leave campus at 4:18 pm after the first 10 days.

Walkers & Daycare Vans: Walkers and Daycare Van students will be called over the PA system once all buses have been loaded. Teachers will bring students to the walker gate.

All walkers must have a tag on their backpack indicating that they are a walker.

Parents must have the matching tag in order for students to be released to them.
